

Tourist Guide

RollNo: 1910

Brief overview:

This website is for tourist/travelers who have no idea which places to visit in Goa. The website will allow users to view places and some info about that place with its location in Goa based on their preferences.

The users will have option to search places by category or places and view info about that place other than the places from their preference list.

The user can give feedback too about the places if they wish too.

The admin will be able to add, delete and update data for this website.

Existing system:

There are many websites where user can search for places but not by preference or category.

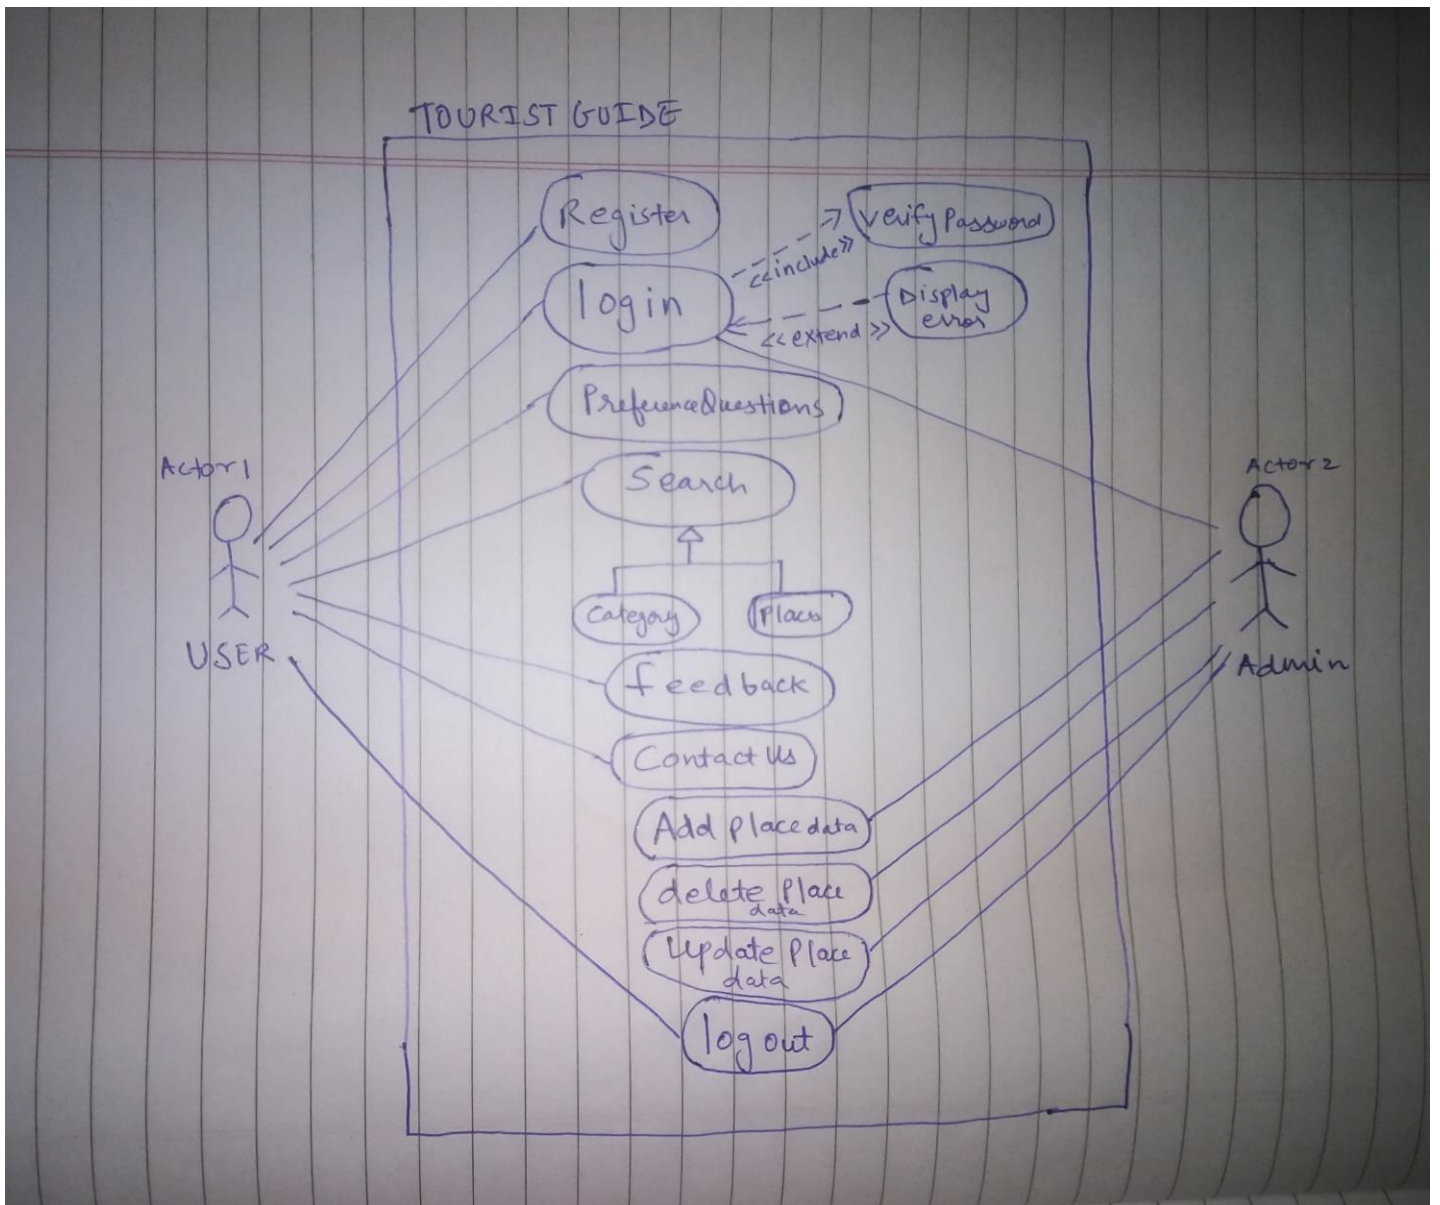

Proposed system:

This system will allow users search for places by categories and filtered by their preferences. And also will be able to give feedback.

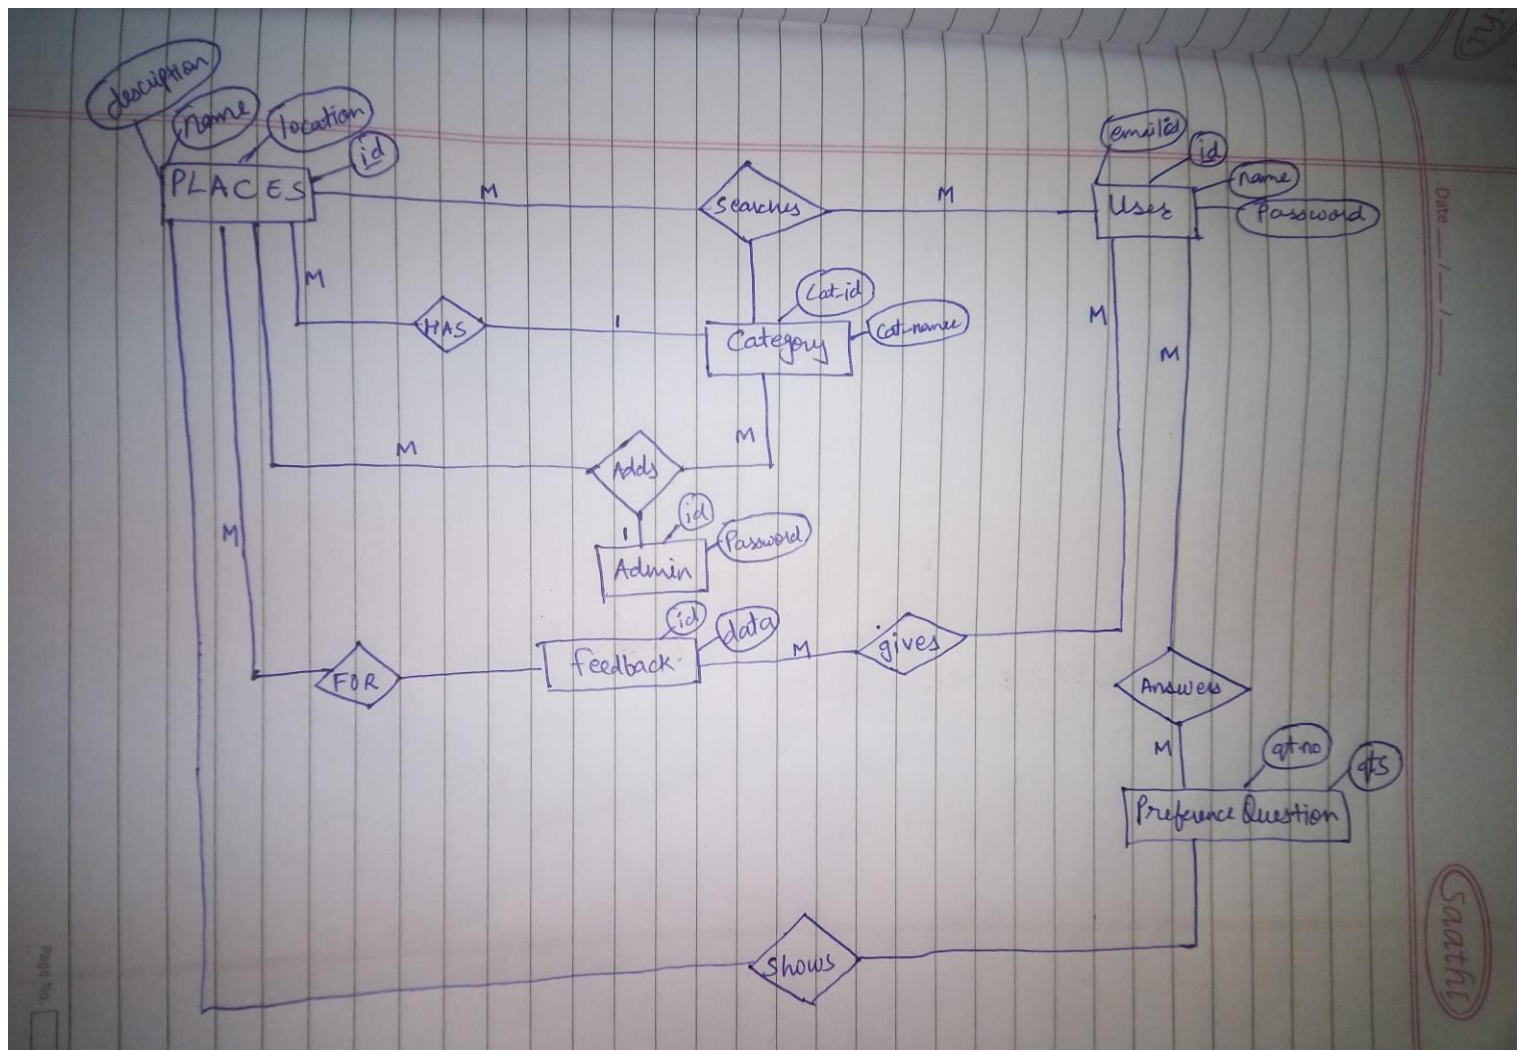

Modules:

1. Register
2. Login (user and admin)
3. Post feedback
4. Filter places by preference given by user after registration.
5. Search places
6. Add, delete update places (Admin)
7. Logout
